Established in 1951 as a not-for-profit trade organization dedicated to the preservation of the use of wood as a building material, the Woodwork Institute has grown into a national organization whose primary purpose is to assure excellence and craftsmanship in woodwork. As the Institute has grown, so too has its quality control options. As a means of establishing quality control, WI and AWMAC have collaborated on the North American Architectural Woodwork Standards. This book is the essence of building and installing quality products.

Unique to WI are its certification programs — the Certified Compliance Program (CCP), the Monitored Compliance Program (MCP) and the Certified Seismic Installation Program (CSIP).

WI also provides Independent Inspection Services (IIS) for projects and Expert Witness Services (EWS), when requested by a party to a contract.

Certified Compliance Program
CCP is a discipline of quality control used in conjunction with NAAWS providing an unbiased means of ensuring conformance to a project’s plans and specifications. CCP, together with the use of the desired grade(s) in the specifications, informs all parties of the design professional’s expectations, without bidder discrimination. By specifying CCP, which covers both shop drawings and fabrication/installation of millwork products, the design professional is assured that all items conform to the contract documents and the requirements of NAAWS.

CCP does not restrict bidding or bidders. Anyone may use the CCP inspection service without being an Affiliate of WI.

Monitored Compliance Program
MCP is a discipline of quality affirmation used in conjunction with NAAWS that provides ongoing reviews/inspections of a project from its beginning through completion. The design professional, in specifying MCP, is ensuring that strict conformance to his/her design intent is adhered to throughout the millwork fabrication and installation process.

Shop drawings, millwork products, finishing and installation (of all involved parties) will be progressively inspected for compliance to the contract documents and the specified NAAWS grade(s). Reports will be issued to all involved parties at each review/inspection.

Certified Seismic Installation Program
CSIP is a stand-alone quality control and seismic compliance option, but can be specified in conjunction with CCP or MCP. CSIP offers design professionals and property owners specified use of WI’s seismic casework preapprovals from the Office of Statewide Health Planning and Development (OSHPD) without additional engineering costs and/or requirements.

It further assures:
• Proper backing has been installed in the walls when and where required.
• Certified acknowledgment that the project’s seismic casework installation requirements meet OSHPD and/or the Division of State Architect (DSA) compliance requirements.

Independent Inspection Service
IIS is available on a fee basis with respect to issues pertaining to the architectural woodwork industry as defined within or covered by NAAWS.

Expert Witness Service
EWS is available on a fee basis with respect to issues pertaining to the architectural woodwork industry as defined within or covered by NAAWS.

Wi’s Core Purpose:
Assurance of excellence and craftsmanship in woodwork

Wi’s Core Values:
CHARACTER
• We believe that trust is earned
• We act with integrity, discipline, accountability and dedication
• We do the right thing, even when no one is watching
• We believe in the power of a positive attitude
• We value politeness and respect

COMPETENCE
• Setting standards and assuring quality in woodwork

NOTE: This roster is intended for use by affiliates, their customers, and the architectural design community. It is not to be loaned to or used by non-affiliates for solicitation purposes.

WI COMMITTEES AND TASK FORCES

WI has a number of permanent committees – designated in its bylaws – to help it conduct the business of the Institute. They are as follows:

**Executive Committee**
- **Chair**
  Wayne Alexander
- **Vice Chair**
  Mark Ramsey
- **Past Chair**
  Ray Cerulli
- **Treasurer**
  Bruce Humphrey
- **Member-at-Large**
  Mike Hansen
- **Support Staff**
  Clare Smith

**Hardware Committee**
- **Chair**
  Mike Hansen
- **Members**
  Don Lorey
  John Paine
- **Support Staff**
  Clare Smith
  Samantha Davis

**Nominating Committee**
- **Chair**
  Bill Fenstermacher
  Mike Hansen
  Don Lorey
- **Support Staff**
  Clare Smith

**Technical Committee**
- **Chair**
  Bill Fenstermacher
- **Members**
  Mike Hansen
  Bruce Humphrey
- **Support Staff**
  Clare Smith

**Certification Task Force**
- **Chair**
  Wayne Alexander
- **Members**
  Bill Fenstermacher
  Mike Hansen
  Bruce Humphrey
- **Support Staff**
  Heather Zertuche

**Education Task Force**
- **Chair**
  Open
- **Members**
  Brian Proteau
  Mark Ramsey
  Steve Spooner
  Charles Vandagriff

- **Support Staff**
  Clare Smith

**Marketing Task Force**
- **Chair**
  Dennis Dong
- **Members**
  Margaret Bergen
  Ray Cerulli
- **Support Staff**
  Matthew Irvine
  Jeanne Marie Tokunaga

WI also has task forces that are created and disbanded as needed to supplement the Institute’s leadership in guiding initiatives of the Institute. Following are WI’s current task forces:

**Certification Task Force**
- **Chair**
  Wayne Alexander
- **Members**
  Bill Fenstermacher
  Mike Hansen
  Bruce Humphrey
- **Support Staff**
  Heather Zertuche

**Education Task Force**
- **Chair**

• CEO 1994-2016
• President 1986-1989
• 1st Vice President 1983, 1985
• 2nd Vice President 1981-1982
• Director 1978-1993
The Woodwork Institute certified your project, now show it off!

The Woodwork Institute Awards Programs honor design and craftsmanship excellence in architectural millwork.

- The Ralph B. McClure Craftsmanship Award recognizes woodworkers and millwork fabricators for excellence in installing and/or fabricating millwork for building interiors.

- The Bernard B. Barber Jr. Award for Excellence honors architects or other design professionals for their work on projects where architectural millwork is a predominant feature.

Winners will be featured on the Woodwork Institute website and promoted throughout our social media channels.

Is your project extraordinary? Submit it for consideration. Submission are accepted year-round, and must be received by **April 30** Sept. 30 for the 2020 awards.

**For further details, visit www.woodworkinstitute.com/recognition.**
A voluntary association of independent and competing producers of millwork and allied products with the particular purpose of controlling, improving, and maintaining the quality of architectural woodwork and millwork installed in North America.

The Institute has three types of affiliation:

- **Accredited Millwork Company (AMC)** affiliation is available to those individuals and firms primarily engaged in the fabrication, distribution, brokering, and/or installation of architectural millwork products.

- **Certified Millwork Professional (CMP)** affiliation is available to those individuals employed by AMCs that meet the minimum qualifications and accept the responsibility of serving as the AMC’s WI license signatory.

- **Millwork Industry Partner (MIP)** affiliation is available to individuals, companies, or associations primarily engaged in the supplying of goods and services to Accredited Millwork Companies.

The Woodwork Institute has scholarships available to individuals interested in pursuing or furthering a career in the architectural millwork industry.

WI welcomes applications from students entering or continuing enrollment in a university, state or private college, community college, or trade school, or from individuals already working in the industry.

Applicants must:

- Be in their senior year of high school, or
- Be employed and maintain employment during the educational period, or
- Be currently enrolled in a state college/university, private or community college, or a trade school.

The deadline to apply for the 2020 C.E. Bernhauer Jr. Scholarship is **May 1, 2020** Sept. 1, 2020.
